🎬 **IT'S SHOWTIME!** 🎬

Butter-up the popcorn, pour yourself a beverage and let's have some fun!

Curious? We hope so. We will select thought provoking films on a number of levels, be it the storyline, characters, fabulous writing or amazing cinematography, sound and score. Our goal is to select successful films you may have missed and can't wait to talk about during our live "virtual" fireside chats following the screening with Anne and Diane. We'll provide fascinating background information on the stories behind the scenes, and the players responsible. We'll also sharpen our viewing perspective of lighting and camera angles and their impact on character development with fun and fascinating revelations. We'll discover the tricks of the Masters from Actors to Directors that draw you in and deepen your appreciation for Film as Art.

Once the weather warms, we look forward to a healthy infusion of social events with outdoor screenings as well. Imagine an old-fashioned drive-in, or watching "The Stars under the Stars" outdoors on your picnic blanket covered with delectable movie snacks and a soft summer breeze. Take heart - it will happen! Until then, butter up that popcorn and pour yourself a drink, "It's Showtime!"

If you would like to be part of the program, please contact [info@SippicanHistorical Society](mailto:info@SippicanHistoricalSociety) and we will provide additional viewing information. Join us on \_\_\_\_\_ for our first feature film, the holiday classic, Christmas in Connecticut, starring Barbara Stanwyk.
